

# Petrorib™

For specialized installation of underground cable, including fiber and optics, PetroRib™ conduit provides superior friction reduction and flexibility. Manufactured from quality High Density Polyethylene resin, PetroRib™ offers maximum strength and adaptability on long pulls with numerous turns and elevation changes. PetroRib™ also affords superior pulling ease and lubrication effectiveness when installed with ProPull™ Lube.

## Features

- Made with American HDPE Pipe Grade Resin
- Ribbed inner wall
- Available with pre-installed tape or as empty duct
- Available pre-lubricated with Petroflex's own ProPull™ Lube
- Sequential footage markings every two feet
- Packaged on lightweight steel reels or in coils
- Manufactured to ASTM D2447, D3035, D3485, D2239, F2160 and NEMA TC7 Specifications
- Available in solid colors and/or striping

\*R prefix to any part # indicates cut-to-length & does not change fit, form or function (i.e. RPR100SDR13.5, RPR150SDR13.5)
